

JOIN US FOR **30** years OF FIREWORKS!

Celebrate Independence Day!

Visit downtown Prattville for the 18th Annual 4th of July celebration. This year we celebrate "30 years of Fireworks" honoring the men that hosted Prattville's first fireworks show. Enjoy a day of family fun activities including **a parade, cardboard boat races, live music, food vendors, children's fun zone and art and crafts.**

For more information, please call the Special Events Office at 334.595.0854.

Prattville Farmers Market Now Open!

Prattville Farmers Market 2019 season has begun. Stop by the grove, located across from Pratt Park, and enjoy local produce, homemade soaps, baked goods, plants and more! The Market is open every Saturday through August 31. Follow [Prattville Farmers Market](#) on Facebook for more details.

Autauga Creek Bank Stabilization Continues

With the success of the previous Flexamat® installation on the Autauga Creek bank, the City of Prattville partnered again with Mid-South RC&D Council to continue the stabilization of the creek bank. The City of Prattville's Engineering Department recently installed 24 rolls of 8'x30' Flexamat® along the south side of the Autauga Creek bank on Maple Street. This project connected to the previous Flexamat® application in 2017. ([View Article from 2017](#))

The addition of 5760sqft of Flexamat® will further improve the efficiency and effectiveness of the Urban Management Division of the Public Works Department. The strategic east to west placement of the Flexamat® along the outer creek bank will allow automation for mowing and decrease the amount of weed eating needed in this area. The sidearm will now be able to cut along the creek bank, and this will be a much safer and faster form of maintenance.

This project would not have been possible without the partnership with Mid-South RC&D Council. The City of Prattville was awarded \$20,000 in grant funding from Mid-South RC&D Council to fund this project. We would like to thank Mid-South RC&D Council for their continued support of the City of Prattville and the stabilization of the Autauga Creek bank.
